

# Ahmad Rizal

## MAHASISWA

I'm someone who is interested in the world of programming and web-based applications because I think the world is creative and cool. Especially in industry 4.0, all information is connected to the internet and websites. My principle is to do something with the maximum effort possible because results are the effort.

## EXPERIENCE

### Progressive Web Apps Developer / Garut / Aug 2020 – Sep 2020

Water use monitoring based IoT at boarding house

- Create Progressive web app
- Create database
